EXPERIENCE

OASIS INFOTECH

During my web development internship, I gained hands-on experience in creating and maintaining websites using HTML, CSS, and JavaScript. I collaborated with a team of developers to implement new features and improve website functionality. Additionally, I learned about web accessibility standards and techniques to improve website performance.

PIX STORY

During my internship at Pix Story, I learned and put my writing skills to work through blogging on various issues and topics that has changed my perspective on things that I do not have a keen knowledge before.
